VIKTOR TASESKI

born on 24/04/2004 in Gostivar, North Macedonia

participated in the Youth Exchange

YOUTH AGAINST PLASTIC EMPIRE

in Jazak, Serbia

from 05/07/2022 to 13/07/2022

About the project

„Youth against Plastic Empire!“ is 9-day long youth exchange implemented from 05.07. to 13.07.2022 in village Jazak on slopes of Fruska Gora mountain. This project inspired 24 young people from 4 countries (North Macedonia, Romania, Turkey and Serbia) to be more aware about plastic pollution and its consequences on the health and the environment. The goal is to encourage young participants to strive towards changing their daily habits for a more sustainable life.

This certificate has been issued by Environment Engineering Group .

LEARNING CONTEXT

Youth Exchanges supported by the Erasmus+ programme offer groups of young people from different countries an opportunity to jointly design, prepare and carry out a non-formal learning programme on a topic of their interest. This usually involves a mix of workshops, debates, role-plays, simulations and outdoor activities. The learning process, which is supported by youth workers and leaders, includes the preparation, implementation and follow-up of the exchange.

COMPETENCES DEVELOPED BY VIKTOR TASESKI

The following summary is the result of a reflection and self-assessment process which took place during and after the project.

Multilingual competence

In this project i learned multiple words as well as sentences on different languages.

Digital competence

My digital competence was improved by the activities where i had to use social media by learning new ways to create content and learn more by researching online.

Literacy competence

This competence was developed by a activity where we had to make a film and also by the activity where we had to create a song.

Viktor Taseski

Jazak, Serbia, 10/07/2022

The competence description in Youthpass is based on the European Union framework for Key Competences for Lifelong Learning:
